How it Works:
New, warm, washable blankets and soft toys get sent to the White Plume Family in Manderson by Redbird for distribution; Hard toys and school supplies go to Walking Shield for reservation distribution.

This year we are having a glove drive with the goal of sending 120 pair of insulated elk skin gloves to the Oomaka Tokatakiya riders. \$20.00 buys a pair of gloves, including shipping. We must place our order by November 15 to insure the gloves arrive on time. To donate a pair of gloves:
